OTCFin Nominated Best Solution for Buy-Side Regulatory Compliance at the RegTech Insight Europe Awards 2022

New York, USA/Barcelona, Spain — May 26, 2022 —: OTCFin is proud to announce winning the **2022 RegTech Insight Europe Awards award for Best Solution for Buy-Side Regulatory Compliance.** The annual RegTech Insight Awards Europe recognizes both established solution providers and innovative newcomers, seeking to herald and highlight RegTech solutions that, throughout the year, have successfully improved firms' ability to effectively respond to the evolving and ever more complex regulatory requirements across the global financial services industry.

For the last decade, OTCFin has helped its global buy-side clients overcome data management and calculation challenges of producing regulatory reports, both for their own compliance as well as to respond to regulatory reporting requirements of their institutional clients. OTCFin's proprietary EDM regulatory and risk reporting platform, PATOne, together with OTCFin's team of regulatory reporting experts, helps automate data and calculation processes required to centralize all required reference, market, and analytical data. This enables its clients to have a comprehensive view of their portfolios, including market, credit, liquidity risks, and performance measurement across all asset classes and facilitates automated regulatory reporting. PATOne coverage includes regulations such as PRIIPs, Basel-related reports, Solvency II, AIFMD, Form PF, and MMFR.

"Having been named **Best Solution for Buy-Side Regulatory Compliance**, OTCFin is delighted that its clients supported and voted them as a trusted solution, and will continue to strive to provide first-class, high-quality solutions with exceptional customer service." – Joseph Ohayon, Managing Director of OTCFin
